Muscle Bound Bindery President Gary Hansen Elected to Board of Directors at Dunwoody Academy High School

Hansen Brings More Than 30 years of Technical and Management Experience to Charter High School

October 11, 2010 - Minneapolis, MN - Muscle Bound Bindery, a full-service provider of hardcover and softcover book binding solutions, announced today that president Gary Hansen has been elected to the Dunwoody Academy High School Board of Directors, a Minneapolis-based public charter school providing students with core vocational and technical skills.

Dunwoody Academy offers a comprehensive, industry-oriented education designed to prepare students for enrollment at accredited technical colleges or immediate employment upon graduation. The curriculum, developed with input from Dunwoody College of Technology, includes technical majors such as Manufacturing Technologies and Media Arts.

Gary Hansen brings more than three decades of technical and management experience in the field of book production to the Dunwoody Academy. He was named president of Muscle Bound Bindery in 2009, and has served Lerner Publishing Group - of which Muscle Bound is a subsidiary - in various capacities since 1973.

“I’m thrilled to lend my experience to Dunwoody Academy,” said Hansen. “I look forward to helping Dunwoody students achieve their educational and career goals.”

About Muscle Bound Bindery:

For more than 40 years, Muscle Bound Bindery has been blending state-of-the-art bookbinding technology with careful craftsmanship to provide the best-bound books available anywhere. Our capabilities include side-sewn case binding, adhesive binding (including standard, PUR and layflat Otabind styles), thread-seal binding, folding, film laminating, shrink wrapping and more.
